

LAVA SSerial-PCI/LP

PCI Bus Low Profile 16550

Single Serial Board

Features & Benefits

- Adds one low-profile 25-pin 16550 UART serial port to PCI-equipped PCs
- Supports data throughput rates up to 115.2 kbps
- Low profile design (2.5"/60 mm high) fits the new low profile PCI chassis
- Easy Plug and Play installation — automatically selects next available IRQ and I/O address
- Includes Lava Com Port Redirect Utility for renaming Com ports — allows for backward compatibility with software that supports Com 1-4 only
- Compliant with PCI Specification 2.1
- Compatible with RS-232 serial peripherals including modems, handhelds, digital cameras, bar-code scanners, and UPSes
- Lava Lifetime Warranty

Connectors

- One DB-25 male RS-232

System Requirements

- PCI host slot
- Low profile PCI chassis
